

# STAYTON FIRE DISTRICT

1988 W. Ida St. Stayton, Oregon 97383  
Telephone 503-769-2601  
Fax: 503-769-1487

## USE FIRE ADDRESS SAFETY SIGNS

WHEN SECONDS COUNT  
WE CAN GET THERE FASTER

Stayton Fire District is offering double-sided 6" x 12" 20 gauge metal reflective signs with your house number to ensure visibility after dark. **These signs are currently available at no charge to Stayton Fire District residents due to grant monies received.** We will reinstate the fee of \$15.00 each once the supplies purchased from the grant are depleted.

**To order a sign, send your request to**

Stayton Fire District  
1988 W. Ida St.  
Stayton, OR 97383

Or stop by the District Office at 1988 W. Ida Street.

Notes:

(NOTE: Please double check street address numbers. We cannot be responsible for incorrectly ordered signs. Allow 2 weeks for installation.)

# HELP US HELP YOU

## Please have Clearly Marked Addresses

Visualize driving through a residential neighborhood or down a road late at night attempting to locate an address. Compound your dilemma and frustration by placing yourself in the driver's seat of a fire engine or a rescue unit responding to an emergency where seconds may mean the difference between life and death.

This frustration is all too often experienced by fire and rescue personnel due to the fact that many people do not clearly mark their homes or do not provide an address marking at all. Failing to provide clear markings of your address may be inviting disaster in the event of an emergency where precious seconds may make the difference.

Depending on the location of your home (rural or residential), fire departments suggest the following methods of addressing:

### **RURAL**

For a single driveway off a main road, affix your address to a post at the entrance of the driveway.

### **RESIDENTIAL**

Paint 4-inch numbers on the curbing in front of your home.

Place numbers that are at least 4-inches tall near the front entrance (or a location easily visible from the street) in a color contrasted by the color of your home — for example, light letters on a dark background.

For apartments and other buildings with multiple occupancies, mark each separate occupant's number.

For a single driveway leading to multiple driveways for individual residences, affix the addresses of all residences to a post at the entrance of the main driveway. At the intersection of individual driveways, affix addresses with arrows pointing towards individual residences.

### **KEEP IN MIND**

Remember! The emergency may be yours! Proper addressing will assist your fire department in promptly dealing with your emergencies.

Take time to properly mark your home. **PLEASE!**
